For attention MSc students:

Hydrafact (www.hydrafact.com) is a knowledge-based, spin-out company from Institute of GeoEnergy Engineering, Heriot-Watt University. It was formed in 2006 and offers a comprehensive range of technical and scientific services (both experimental and modelling) in the fields of hydrates, flow assurance (wax, asphaltene, corrosion, etc), PVT phase behaviour and properties of reservoir fluids, H₂/CO₂/H₂S-rich systems, clean water/energy, and decarbonisation.

Please contact us if you are a BSc or MSc student and are looking for a topic for your final year project.
